

WS-90

Wall Strike for Sliding & Barn Doors

Features

- The WS-90 is designed as a solution to enable sliding and barn doors to surface latch.
- Directly mounted to the wall, the WS-90 provides a surface-mounted strike.
- Designed for use with any of the INOX PD9000, PD8000, or PD5000 series of sliding door locks.
- Unique installation design ensures maximum strength and security via an interlocking mounting. With door in locked position there are no visible screws, preventing tampering with strike or lock bolt.
- **Interlocking Bracket (shown below) for added strength and security.**
